RESPONSE TO NOTICE OF NON-COMPLIANT AMENDMENT

This response is provided to a Notice of Non-Compliant Amendment dated December 16th, 2005. In particular, the Legal Instruments Examiner indicated that Applicant had failed to denote a proper status identifier for each claim. Applicant has reviewed the prior response and has failed to identify a claim for which the status identifier is missing or is improper. Applicant did denote claims where typos were identified in the claim elements (perhaps such were perceived as amendments?). In any case, Applicant files herebelow a corrected version of such response.

Respectfully submitted,
Robert Heath, et al.
